NUGGET ICE

G 95 C-A

Max. daily production
Up to 90 kg

Self contained storage
18 kg capacity

Dimensions (mm)
500 W x 597 D x 694/814 H

G 130 C-A

Max. daily production
Up to 130 kg

Self contained storage
18 kg capacity

Dimensions (mm)
500 W x 597 D x 694/814 H

G 125-A

Max. daily production
Up to 130 kg

Suggested storage bin
BH56 / 120 kg capacity

Dimensions (mm)
570 W x 545 D x 535 H

G 205-A

Max. daily production
Up to 210 kg

Suggested storage bin
BH76 / 244 kg capacity

Dimensions (mm)
570 W x 545 D x 535 H

G 305 S-A

Max. daily production
Up to 300 kg

Suggested storage bin
BH76 / 244 kg capacity

Dimensions (mm)
570 W x 545 D x 535 H

G 505-A

Max. daily production
Up to 450 kg

Suggested storage bin
BH122 / 406 kg capacity

Dimensions (mm)
668 W x 668 D x 709 H

BH 56

Max. storage
120 kg capacity

Dimensions (mm)
580 W x 840 D x 1090 H

BH 76

Max. storage
244 kg capacity

Dimensions (mm)
780 W x 840 D x 1090 H

BH 122

Max. storage
406 kg capacity

Dimensions (mm)
1250 W x 920 D x 1200 H

NUGGET ICE

Nuggets-shaped has the characteristics of being both compact and pleasant to chew, being half-way between granular ice and solid ice cubes.

It is the ideal ice for the creation of cocktails where crunched ice is needed as caipirinhas, mojitos or caipiroskas.

Nuggets format ice has a low water content and may be used in many spaces as: cocktails-bars, disco-clubs, professional catering and restaurants, centralized kitchens and the medical sector as well.

The “nugget” type ice is created via a vertical and cylindrical evaporator, equipped with a screw-conveyor, that scrapes the internal surface of the ice pulling it to the outlet of the machine, where an extruder presses the ice into small cylinders.

Specific weight 1 g,
approximately 8%
water content

ACCESSORIES & OPTIONALS

100% Ecological Gas (STANDARD)

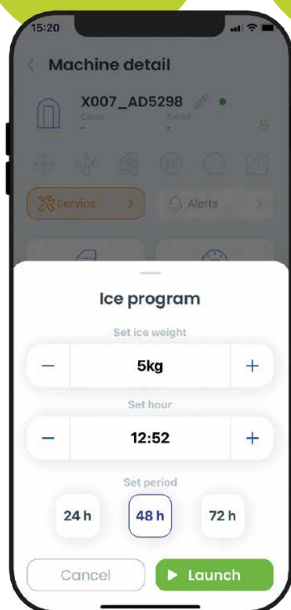

The new machines of the Grape line are also available in ecological version R290, utilizing propane gas, 100% natural with zero environmental impact: the state-of-the-art technology to safeguard the environment at best.

Cleaning Kit (OPTIONAL)

Cleaning kit including a plastic container for the correct dosage of citric acid and a citric acid package of 1 kg.

APP MY ICE AS STANDARD

MY ICE APP (STANDARD)

The My Ice app grants the possibility to have full control of each single machine, via Bluetooth/ Wi-Fi.

Icematic is proud to introduce the patented system for ice programmable production with this innovative app.

Through My Ice app, you can start your production cycles for a very defined and programmed quantity of ice, selecting the time when you want it available for use.

These pluses are a true added value to optimize production, while minimizing wastes and providing always freshly- made ice, avoiding the risk of bacterial proliferation.

Through My Ice app, you can start your production cycles for a very defined and programmed quantity of ice, selecting the time when you want it available for use.

Additionally, it is possible to remotely control the current status of the machine, and adjust the storage capacity, with no need to touch or open the machine.

Managing your ice is a matter of touch on your smartphone, it has never been easier.
