M series

Full modular cubes icemakers range with vertical evaporator and sleek design.

The M Series offers a high productivity with an extreme easiness of use.

Full stainless-steel body, easy to inspect. This icemakers line represents the best solution for all needs of high volumes of ice. They can be matched with the wide choice of Icematic storage bins.

All these features make the M series ideal for fast-food, restaurants with high turnover and those activities needing large volumes of ice in short time.

These icemakers are available with three different ice cube sizes LARGE, DICE e HALF-LARGE.

The range includes also R 290 refrigerating gas machines, increasing efficiency and environmental compliance as 100 % natural and sustainable.

The M Series is the ideal solution for users demanding maximal productivity and great flexibility.

R290 Gas
M195 eco - M205 eco

Eco-friendly versions in R290, 100% natural gas with zero environmental impact.

Rainbow Technology ®
(Optional)

Nano-technological patented treatment that strengthens and protects evaporators from aggressive agents and scaling.

Ozone Kit
(Optional)

For a safe and deep sanitization of your icemaker.
