EQUIPMENT FINANCE BENEFITS

FINANCE BENEFITS

Choosing to finance your equipment provides the benefits of ownership and use right away without depleting your cash reserves.

CHattel MORTGAGE

A Chattel Mortgage is structured to maximise the taxation benefits of financing new equipment. With the option of making a small deposit, you get to take ownership of the equipment at the time of purchase. With ownership comes the tax benefits of being able to claim depreciation of the assets, the interest component of the loan and the GST portion on your next BAS.
