

SERIE 700

Code CR0982829

Model 70FO/E800

ELECTRIC OVEN FOR TOP LINE

General Features

The 700 BARON line is made in compliance with strict European Standards in terms of safety, hygiene, reliability and respect for the environmental and is certified under international standards such as CE, GOST, AGA and others. Stainless steel with scotch-brite finish heightens the aesthetic appeal, and the technological and ergonomic innovation of this equipment. Thanks to great compositional flexibility, cook tops can be matched with oven bases and accessorised with hygienic finishes. Customised line-ups are possible by combining and fixing the equipment back to back, flushed sideways with perfectly sealed connections, or by creating "bridge" structures, offering top solutions to any chef.

Basic range features:

- 2" height adjustable stainless steel feet.
- removable control panel for access, moulded and shaped to avoid withholding dirt.
- recessed, tilted and ergonomic knobs.

BASES

Technical/functional characteristics

- Thermally insulated stainless steel cooking area (57.2x58x30 cm), equipped with 3 antitipping guides for 2/1 Gastronorm containers.
- Perfectly insulated stainless steel door and inner door, fitted on heavy-duty self-balanced hinges.
- Full length thermally insulated ergonomic handle.
- Independently adjustable stainless steel heating elements on the top and below the cooking area base plate.
- Thermostatic control of range temperature from 100°C to 300°C.
- "Powered appliance" indicator light.
- "Set temperature reached" indicating light.
