

SERIE 700

Code

CR0982429

Model

70PC/E400

2 ROUND HOTPLATE ELECTRIC RANGE TOP VERSION

General Features

The 700 BARON line is made in compliance with strict European Standards in terms of safety, hygiene, reliability and respect for the environmental and is certified under international standards such as CE, GOST, AGA and others. Stainless steel with scotch-brite finish heightens the aesthetic appeal, and the technological and ergonomic innovation of this equipment. Thanks to great compositional flexibility, cook tops can be matched with oven bases and accessorised with hygienic finishes. Customised line-ups are possible by combining and fixing the equipment back to back, flushed sideways with perfectly sealed connections, or by creating "bridge" structures, offering top solutions to any chef.

Basic range features:

- 2" height adjustable stainless steel feet.
- removable control panel for access, moulded and shaped to avoid withholding dirt.
- recessed, tilted and ergonomic knobs.

ELECTRIC RANGE

Excellent cooking ranges are essential in every kitchen and are extremely versatile for any type of cooking. The electric ranges are available with independent cast iron plates, glass-ceramic top or induction top.

Technical/functional characteristics

- Fully moulded hob, obtained from a single large stainless steel plate.
- Water tight cast iron radiant plates to avoid liquids penetrating on electric wiring.
- Automatic safety thermostat to avoid plates overheating, particularly during empty functioning.
- Ergonomic, recessed and tilted knobs with 7 control positions.
- "Powered plates" indicator lights.

Technical Data

| DIMENSIONS | |
|--------------------------------|-----|
| Width (mm) | 400 |
| Depth (mm) | 700 |
