

SERIE 900

Code CR0785669 **Model** 90BM/E800

ELECTRIC BAIN MARIE 2 X GN1/1 - TOP VERSION

General characteristics

The 900 BARON line is made in compliance with strict European Standards in terms of safety, hygiene, reliability and respect for the environmental and is certified under international standards such as CE, GOST, AGA and others. Stainless steel with scotch-brite finish heightens the aesthetic appeal, and the technological and ergonomic innovation of this equipment. Thanks to great compositional flexibility,

cook tops can be matched with oven bases and accessorised with hygienic finishes. Customised line-ups are possible by combining and fixing the equipment back to back, flushed sideways with perfectly sealed connections, or by creating "bridge" structures, offering top solutions to any chef. Basic range features:

- 2 mm thick moulded tops;
- 2" height adjustable stainless steel feet;
- removable control panel for access, moulded and shaped to avoid withholding dirt;
- recessed, tilted and ergonomic knobs.

BAIN-MARIE

Suitable for preserving dishes below 100°C and for extremely delicate cooking

Technical/functional characteristics

- Suitable for preserving dishes below 100°C and for extremely delicate cooking
