

SERIE 600

Code CR0957089 **Model** SDSM6E

ULTRARAPID LIFT ELECTRIC SALAMANDER WITH MOVABLE RADIANT PLATE

General characteristics

A line of compact cooking appliances, designed for people who do not want to give up on high performance, even in small spaces. All models are CE-approved.

SALAMANDERS

Ideal for grating, grilling and heating up food, the High Performances salamander grills complete the cooking unit, which is essential to finish dishes. Quick and functional, they are also practical in terms of maintenance and cleaning, as the area with the heating elements can be easily accessed and cleaned.

Technical/functional characteristics

- S/S Aisi 304 construction
- Adjustable height 260/160 mm
- Heating by means of heating elements which allow to reach the required temperature in few seconds.
- Timer which stops the electric supply when the time setting has been reached (buzzer). It is possible to memorize cooking cycles and to recall them easily.
- Partial heating (it is possible to switch the complete heating element or part of it)
- The fat collecting drawers and the grids are in S/S and are removable for an easy cleaning and are provided with a safety block to prevent overturning.
- Temperature maintenance function to keep food warm.
- Cooking surface 540x365=GN1/1
- Total power 4,5 kW
