EasyBaskett | Tilting Pans

EASYBASKETT is a functional boiling cooking machine that is easy to use, ideal for cooking large quantities of food, even foods with high acidity. In the indirect versions, the jacket system prevents products from sticking to the bottom and walls of the container during cooking.

The Potential of Firex tilting pans

The main construction features of these machines for professional catering and, especially, the use of quality materials guarantee high performance and maximum versatility. With this type of tilting kettles you can cook even large amounts of food without the products sticking to the bottom or walls.
