

ELECTRIC PASTA COOKER 18.5 L

650 SERIES

A line of compact cooking appliances, designed for people who do not want to give up on high performance, even in small spaces.

Made of AISI 304 18/10 stainless steel, elegantly finished with Scotch Brite satin finish, it has rounded edges and capacious recessed areas; it is 600/650 mm deep and has a modular width of 400/600/700/800/1000 mm; the series comes complete with open base supports, with cupboards or refrigerated bases.

The appliances can be easily put together to build a unit, that is compact, without any gaps thanks to a covering profile that guarantees protection against leaks and therefore excellent hygiene. High flues, ergonomic knobs mounted on a sloped control panel for better visibility, make this range easy to use from the very first time. All models are CE-approved.

Technical / functional characteristics

These appliances are equipped with high power to maintain the water at boiling point.

The tray has a sufficiently wide surface to make sure that the foam formed by the dissolved starches drains away and stops it from leaking out.

The appliance has a safety thermostat and an operation light.

DIMENSIONS	
Width (mm)	400
