

# SERIE 900

**Code** CR0957639

**Model** 90MA/E400

## TALENT

### General Features

The 900 BARON line is made in compliance with strict European Standards in terms of safety, hygiene, reliability and respect for the environment and is certified under international standards such as CE, GOST, AGA and others. Stainless steel with scotch-brite finish heightens the aesthetic appeal, and the technological and ergonomic innovation of this equipment. Thanks to great compositional flexibility, cook tops can be matched with oven bases and accessorised with hygienic finishes. Customised line-ups are possible by combining and fixing the equipment back to back, flushed sideways with perfectly sealed connections, or by creating "bridge" structures, offering top solutions to any chef. Basic range features:

- 2 mm thick moulded tops;
- 2" height adjustable stainless steel feet;
- removable control panel for access, moulded and shaped to avoid withholding dirt;
- recessed, tilted and ergonomic knobs.

## TALENT

### Technical/functional characteristics

- Worktop and control panel made of AISI 304.
- "Thermo-block" heating elements: armoured heating elements included made from a fusion of highly heat-resistant aluminium.
- Supplied with a water filling system.
- Double-walled lid without perimeter seal.
- Two USB outputs positioned below the control panel (compartment zone) for storing recipes and updating software.

### Technical Data

DIMENSIONS	
Width (mm)	400
Depth (mm)	900
Height (mm)	870
Gas connection (Ø)	
Electric connection (V/~ / HZ)	400
Cold water connection (Ø)	3/4"
Hot water connection (Ø)	

Cold soft water connection (Ø)	
Drain (Ø)	1"
Gas power (mm)	
Electric power (mm)	10
Plate dimensions (mm)	
Tank capacity (Lt)	17 lt
TANK DIMENSIONS	305x580x165
Internal ovens dimension(mm)
