

SERIE 900

Code CR0784770 **Model** 90FO/G800

GAS OVEN BASE

General characteristics

The 900 BARON line is made in compliance with strict European Standards in terms of safety, hygiene, reliability and respect for the environmental and is certified under international standards such as CE, GOST, AGA and others. Stainless steel with scotch-brite finish heightens the aesthetic appeal, and the technological and ergonomic innovation of this equipment. Thanks to great compositional flexibility,

cook tops can be matched with oven bases and accessorised with hygienic finishes. Customised line-ups are possible by combining and fixing the equipment back to back, flushed sideways with perfectly sealed connections, or by creating "bridge" structures, offering top solutions to any chef. Basic range features:

- 2 mm thick moulded tops;
- 2" height adjustable stainless steel feet;
- removable control panel for access, moulded and shaped to avoid withholding dirt;
- recessed, tilted and ergonomic knobs.

BASES

Technical/functional characteristics

- Stainless steel cooking area (53x70x30cm), thermally insulated and equipped with 3 antitipping guides for 2/1 Gastronorm containers;
- Very thick cast iron radiant hearth for efficient heat distribution;
- Perfectly insulated stainless steel door and inner door, fitted on self-balanced hinges;
- Full length thermally insulated ergonomic handle;
- Stabilised flame burner housed below the base plate;
- Pilot burner with piezo-electric and manual ignition;
- Automatic valve with gas safety thermocouple;
- Thermostatic temperature control from 110 to 330°C;
