## GRE106C/D/E Compact convection oven

# CONSTRUCTION FEATURES

- Tightness chamber with radiused corners
- Total thermic insulation with rock or glass wool
- Long lasting front seals made up of food grade of high heat resistance
- Removable side racks to facilitate cleaning
- Internal drain for easy cleaning
- Ventilated heating provided by high efficiency protected heating elements
- · Snap-shut door
- Adjustable feet
- Easy access to facilitate maintenance and repair
- Double low-emission glass door with internal ventilation
- Condensation drip tray under the door and connected to the oven drainage system.

# FUNCTIONAL FEATURES

- Control panel of temperature, time and humidity. Electromechanical (C), electronic with digital display (D) or electronic with LCD touchscreen (E)
- Simplified, user-friendly controls
- Periodic reversal of direction of rotation of the fan for better air distribution
- Automatic stopping of fans when the door is opened
- End-of-cycle buzzer
- Chamber with safety thermostat
- Operating temperature 30°C ÷ 160°C
- The regeneration program can be divided into different phases (only for D and E versions)
- Automatic humidity exhaust system after regeneration (only for D and E versions)

- Self-diagnosis system (only for D and E versions)
- MultiLevel function: Combi is able to manage different dishes with different cooking times or temperatures (only for E version)
- IdealWarm function: the intelligent temperature decrease in the cavity at the end of the cooking cycle allows perfect warm holding (only for D and E versions)
- Climachef system (only for D and E versions)
- PadLock: key lock system with password (only for D and E versions)
- ProTime system allows you to set the date and the time you want the oven to preheat or start working (only for D and E versions)
- Glazed door plus lighting
- Removable GN1/1 tray racks

### ĊĎĖĖĠĦİ **D** Version

- A ON/OFF switch
- B Pre-set program keys C Holding function
- key D Cavity temperature control key
- E Time / core probe control key
- F Cavity humidity control key
- G Fan speed control key (optional)
- H Cavity light key
- Start/stop key
- J Display
- K Encoder knob

### **E Version**

- ON/OFF switch Α
- Display Touch Screen В
- C Setting knob and select "ENTER"
- D "START/STOP" button
- Chamber light button
