ENERGY CLASS

SERIE HANDY

The in-cell evaporator guarantees consistently excellent and efficient performance, optimising space without compromising performance, making it the perfect solution for professional kitchens

TECHNICAL SPECIFICATIONS

Designed to meet the challenges of intensive use in the kitchen, HANDY is the refrigerated cabinet that combines functionality and robustness without sacrificing easy maintenance and optimised design.

HANDY optimises space without compromising performance, making it the perfect solution for professional kitchens that require simplicity, compactness, practicality and reliability.

Stainless steel inside and outside

75 mm side insulation with CFC-free polyurethane

Openable dashboard for easier periodic maintenance (condenser cleaning)

Cell interior with bevelled corners for easy cleaning

150 mm steel feet with adjustable height

Automatic defrosting with dissipation of condensed water with hot gas

Self-locking hinged doors

Standard supplied lock

For positioning on plinth

External single-block buffer unit with forced top down ventilation

USB port for transferring recipes and HACCP records.

Up to 100 customisable recipes

Possibility of manual defrosting.

Always up-to-date alarm log.

Internal set-up: 3 plastic grids 420X430

REFRIGERATED CABINET HANDY TEMP

-2/+8 °C - 1 DOOR

Technical Information

SPECIFICATION	DATA
MATERIAL	BN204B01PO35
DIM. WIDTH	600 mm
DIM. PRODUCTIVITY	600 mm
DIM. HEIGHT	1930 mm
PACKAGE LENGTH	2050 mm
PACKAGE WIDTH	640 mm
PACKAGING HEIGHT	660 mm
STANDARD POWER SUPPLY	220-240 V
FREQUENCY	50 Hz
ELECTRICAL POWER	0.208 Kw
GAS/REFRIGERANT TYPE	R290
ENERGY CLASS	B
CLIMA CLASS	5
CELL SIZE	435X450X1624
CAPACITIES	320 l.
TEMPERATURE RANGE	-2 / +8°C

Product's PLUS

The in-cell evaporator guarantees consistently excellent and efficient performance, optimising space without compromising performance, making it the perfect solution for professional kitchens

Thanks to an innovative and user-friendly control system, temperature and operating parameters are easy to monitor and adjust.

The multifunctional USB port, supplied as standard, enables fast and secure management of operations, supporting firmware updates, import and export of parameters, recipes and languages. It also provides efficient downloading of HACCP data (including temperatures, alarms and events), ensuring traceability and full regulatory compliance.
